Sir:

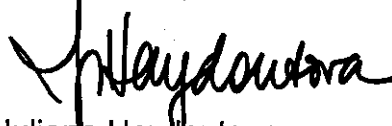

This paper is filed in response to the Office Action dated September 8, 2004, in which the Office Action identified two (2) distinct inventions. The Office Action further required the Applicants, under 35 U.S.C. § 121, to elect a single invention for prosecution.

Pursuant to the Office Action's requirement, the Applicants provisionally elect, without traverse, Invention I directed to the subject matter recited in claims 1-11 for further prosecution. It is understood that claims 12-14 shall be withdrawn from prosecution. Applicants reserve the right to file a divisional application on the non-elected subject matter.

Accordingly, a timely examination and favorable action on claims 1-11 is respectfully requested.

In the event this paper is not considered to be timely filed, the Applicants respectfully petition for an appropriate extension of time. Any fees for such an extension, together with any additional fees that may be due with respect to this paper, may be charged to Counsel's Deposit Account No. 01-2300, referencing Attorney Docket No. 108287-00005.

Respectfully submitted,
